

A collection of black plastic pipe fittings, including elbows, tees, and couplings, arranged on a blue background. The fittings are shown in various orientations, highlighting their different shapes and functions. The background is a solid, vibrant blue, providing a high contrast with the black plastic components. The lighting is even, showing the smooth texture and slight reflections on the plastic surfaces. The fittings include a 90-degree elbow, a tee with a side outlet, a tee with a 45-degree angled outlet, another 90-degree elbow, a 45-degree elbow, a straight coupling, a flat circular cap, and a threaded coupling.

ABS DWV FITTINGS

Tigre USA sets the standard by offering industry leading and innovative ABS DWV fittings.

Injection molded from 1-1/2" to 4", index marks for easy pre-fabrication.

Manufactured to ASTM Standards, NSF, UPC and CSA B181.1 certified

ABS DWV Molded Fittings

- ASTM D2661 – Standard Specification for AcrylonitrileButadiene-Styrene (ABS) Schedule 40 Plastic Drain, Waste and Vent Pipe and Fittings.
- DWV Molded fittings are manufactured using virgin ABS with cell classification 42222 as defined in ASTM D3965.
- ASTM F628 - Standard Specification for Acrylonitrile Butadiene-Styrene (ABS) Schedule 40 Plastic Drain, Waste, and Vent Pipe With a Cellular Core.
- ABS DWV molded fittings conform geometries as defined in ASTM D3311 and according ASTM F1498 for tapered pipe threads for thermoplastic fittings.

*DO NOT USE
FITTINGS FOR:*

*Do not use fittings for
compressed air or
gases*

*Do not test abs
piping systems
with compressed air
or gases*

*Do not use fittings
with liquids not
recommended by
Dura/Tigre*

*Modification of
fittings voids the
warranty*

*Specs subject to
change without
notice*

*NSF approved for
potable water
services*
